

This November Your **JOB** is on the **Ballot**

Use your vote to protect the gains we've made over the years. Right now, a historic number of anti-worker politicians are running for office at the local, state and federal levels. They want to take away your:

- Fair wage
- Quality, affordable healthcare
- Retirement security
- Right to join a union

Don't let them succeed. Exercise your right to vote and encourage your co-workers to do the same.

VOTE FOR IT!

To check on your voter registration, find out how to register to vote, learn the voting rules in your state or look up your precinct and polling place, log onto:

[vote.org](https://www.vote.org)

It's your one-stop website for all your voting needs.
